YYForce Announces Effective Date of 1-for-50 Reverse Stock Split

November 17, 2026

Class A ordinary shares are expected to begin trading on a split-adjusted basis on November 19, 2026

SINGAPORE, Nov. 17, 2026 /PRNewswire/ -- YYForce Inc. (NASDAQ: YFOR) ("YYForce" or the "Company"), an AI-enabled frontline workforce, robotics, and facility solutions provider, today announced that its Board of Directors approved a 1-for-50 reverse stock split of the Company's Class A ordinary shares. The shares are expected to begin trading on Nasdaq on a split-adjusted basis on November 19, 2026, under the existing ticker symbol "YFOR" and the new CUSIP G9888Q137.

At the effective time of the reverse stock split, every 50 issued and outstanding Class A ordinary shares will be combined into one Class A ordinary share. The split is expected to reduce the number of issued and outstanding Class A ordinary shares from approximately 75,444,029 to approximately 1,508,881, subject to adjustment for the rounding up of fractional shares. The Class A ordinary shares will retain their existing voting rights and other terms, including their no-par-value status. The rights, preferences and privileges of the Company's Class B ordinary shares will remain unchanged.

YYForce will round up any resulting fractional entitlement to the next whole Class A ordinary share.

The reverse stock split is intended to help YYForce regain compliance with Nasdaq's $1.00 minimum bid price requirement for continued listing.

About YYForce Inc.

YYForce Inc. (NASDAQ: YFOR) is an AI-enabled workforce solutions and integrated facility management provider operating across Asia and beyond. Driven by its mission to transform frontline work through AI, robotics, and integrated workforce solutions, the Company brings together people, intelligent software, and commercial robotics into one connected ecosystem. Its portfolio spans intelligent workforce matching (YY Circle, Yolara AI), digital estate management (24iFM), and service robot deployment, leasing, maintenance, and humanoid robotics development—serving hospitality, facilities management, retail, logistics, and other frontline-driven industries. Guided by its vision to build the future of work where people and intelligent technology thrive together, YYForce helps businesses improve productivity, enhance everyday experiences, and build a smarter, more sustainable workforce. Safe Harbor Statement

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. You can identify forward-looking statements by those that are not historical in nature, particularly those that use terminology such as "may," "should," "expects," "anticipates," "contemplates," "estimates," "believes," "plans," "projected," "predicts," "potential," or "hopes" or the negative of these or similar terms. These statements include the anticipated timing of split-adjusted trading, the expected post-split share count and the Company's ability to regain compliance with Nasdaq's minimum bid price requirement.

Forward-looking statements are based on current expectations and are subject to risks and uncertainties that could cause actual results to differ materially, including the timing of implementation, market conditions and the Company's ability to meet Nasdaq's continued listing standards. For additional information, see the "Risk Factors" section of the Company's most recent annual report on Form 20-F, as amended, and its other filings with the U.S. Securities and Exchange Commission. YYForce undertakes no obligation to update any forward-looking statement except as required by law.
